THEY WORK

100% COMPOSTABLE GRENADE  
FILLED WITH ORGANIC PEAT-FREE  
COMPOST AND WILDFLOWER SEEDS

SEED VARIETY:

## HOW TO USE YOUR SEEDBOM

FIRST SHAKE  
YOUR SEEDBOM  
A FEW TIMES

OPEN BY PULLING THE  
'PULL' LABEL TAB UPWARD  
AND REMOVE PLUG. NEXT  
SOAK YOUR SEEDBOM BY  
GENTLY SUBMERGING IN  
WATER (BEING CAREFUL  
NOT TO ALLOW SEEDS TO  
ESCAPE) UNTIL WHOLE SEEDBOM IS  
FULLY SOAKED INSIDE AND OUT AND  
TURNS SOFT (AROUND 10 MINS). YOUR  
SEEDBOM IS NOW READY TO USE!

THROW OR DROP YOUR SEEDBOM  
ONTO SURFACE OF BARE GROUND  
THAT'S IN NEED OF BEAUTIFICATION.

WHETHER YOU THROW,  
DROP OR SIMPLY  
PLACE YOUR SEEDBOM  
MAKE SURE IT SPLITS OPEN  
TO ALLOW SEEDLINGS TO SPROUT OUT.

### GROWING TIPS

■ THERE IS NO NEED TO  
BURY. SEEDBOMS WORK  
BEST ON TOP OF THE SOIL.

■ WHILST GERMINATING  
SEEDBOMS LIKE TO BE KEPT DAMP, WARM  
AND POSITIONED IN FULL SUNLIGHT.

■ SEEDBOMS NEED SPACE TO  
GROW. ALLOW APPROX 15cm ALL  
AROUND TO GIVE THE FLOWERS  
A CHANCE TO SPREAD OUT.

■ IF YOUR SEEDBOM DOESN'T  
SPLIT OPEN ON IMPACT OR IF  
POTTING, TEAR OPEN BY HAND.

BE A RESPONSIBLE REBEL. RESPECT  
LOCAL BIODIVERSITY. DO NOT USE IN  
CONSERVATION AREAS AND DO NOT  
THROW AT PEOPLE OR ANIMALS.
