EASY DOES IT

We have made the process of designing your custom Seedboms as easy as possible. Simply download or request one of our easy-to-use templates and follow the guidelines. If you have any problems or questions just get in touch and we'd be happy to help.

THE DESIGN PROCESS

1. Download templates and guidelines at <https://kabloom.co.uk/downloadables> or drop us an email request at hello@kabloom.co.uk
2. Design away! Use the space effectively and create something unique. Remember to follow the guidelines to take full advantage of the available space.
Or
We can design for you. This service will generally incur a design fee of £50 depending on the amount of work required. To design for you we need all the info you can give us as well as logos, copy, colour profiles etc. We can talk you through the process and help you get the design just as you want it.
3. Send your completed template to hello@kabloom.co.uk for review.
4. We will send you a final proof of your design before sending it to print and production.

EXAMPLE SEED CHOICES

Choose from our range of high quality non-GMO seed mixes, most of which are 100% wildflowers.

Custom Seed mixes: With orders of 500 and above we can customise the seed mix depending on your requirements*. We are happy to give advice as to which seeds to choose that best suit your brand/message. Please consider there are limits however due to suitability for the product, cost and availability.

Please contact us to discuss your options.

*Please note this may effect overall cost depending on the varieties of seed/s required and their cost / availability.
